**MEMORANDUM OF UNDERSTANDING**

**ADDITION OF COOS COUNTY ROADS TO TRIBAL TRANSPORTATION PROGRAM ROADWAY INVENTORY**

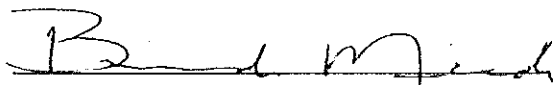

The Coquille Indian Tribe has identified portions of the Coos County roadway system for addition to the Tribal Transportation Program (TTP) Roadway Inventory. The roads are identified on the table below. These roads are used by Tribal members for school routes, mail routes, and routes to employment locations and are crucial to the Tribe's access to goods and services and potential economic development.

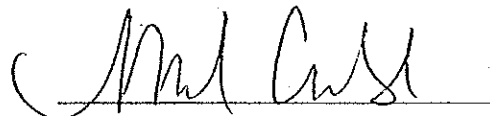

Coos County is currently responsible for the maintenance of these roads, and has sufficient funds to meet its maintenance responsibilities.. These roads are currently open to the public and will remain open to the public after they are added to the Coquille Indian Tribe's TTP Road Inventory. Allowing the Tribe to include these roads on the TTP Inventory simply allows the Tribe the opportunity to provide potential funding to future roadway improvement projects. In no way does this action render the County less responsible for the roads, or in any way impact roadway ownership or jurisdiction.

Coos County understands the importance of these roads to the Tribe, and is aware that these roads may need improvement to maintain public safety. At the present time, the County has sufficient funds to meet its maintenance responsibilities; however, the County is unable to provide funding for any upgrades to these roads. If the Tribe, with full approval from the County, does perform roadway improvements to any of these sections of roadway, the County agrees to continue the required maintenance on these roads as it is presently the County's responsibility.

By signing below the County approves the Tribe to add the County roads to the Tribe's TTP Road Inventory for additional funding consideration. Further, the Tribe agrees that no roadway improvements will be made without obtaining prior approval from the County.

Sincerely,

  
Brenda Meade, Chairperson, Coquille Indian Tribe

  
Coos County Representative
